LRI MS Connection: Objective and Work-Packages

Project objective is to implement the national side of the Land Registers Interconnection (LRI) for the land registers of Austria and Estonia:

- **WP1: Management and Coordination of the Project**

- **WP2: Business Analysis and Solution Design for LRI Requests/Responses**

  Mapping of LRI requests/responses to/from national land register queries and search results

- **WP3: Development, Test and Deployment of national Components for LRI Requests/Responses**

- **WP4: Adaption of the national Authentication Portal for Court Professionals**

  The national authentication portals for AT and EE court professionals will be linked with the LRI platform at the e-Justice Portal – in order AT and EE court professionals can be properly authenticated (and authorized!) to perform restricted queries.

- **WP5: Publicity and dissemination of deliverables**
